PowerPoint TV Sports Quiz Show Games Help

OVERVIEW

The PowerPoint TV Sports Quiz Show Games contains four PowerPoint training games.   These games are tested to work on all PowerPoint versions 2002 and above. Games included are:

1. Football – A unique Football training game in which two teams attempt to answer your training questions as they move down the field. Game rules are included in each of these games.

2. Baseball – Teams swing for singles, doubles, triples and homers as they try to answer your training questions and their players around the bases to score.

3. Golf – Four teams play on a 3-hole golf course. When they answer the training question correctly they get to play the course.

4. Auto Racing – Answer questions correctly to move your car closer to the finish line.

HYPERLINKS AND CUSTOM ANIMATION

These games take advantage of hyperlinks to move between slides or perform other special functions. Do not delete any buttons as this may negatively affect the functionality of the games. Close and restart a game to reset the hyperlinks OR exit slideshow mode to reset the custom animations.

GENERAL EDITING

These files are not protected and can be altered and edited as needed. Always work from a copy of the original game so any changes or edits can be easily fixed by starting again from the original game file.
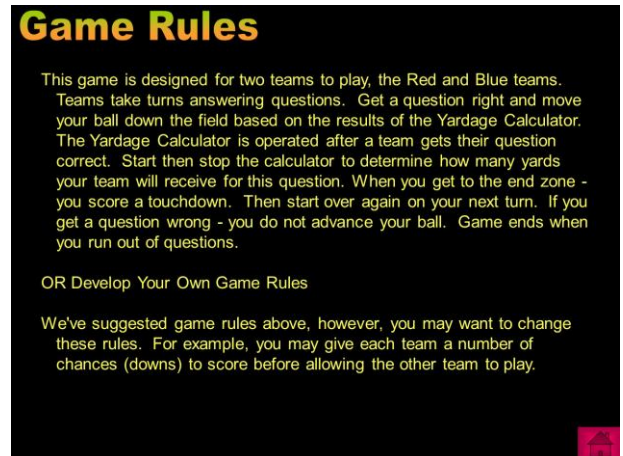

HOW THE GAMES WORK

Below are sample game screens from various games to demonstrate how the different game features work. **Not every game has all the features listed below.**

WHEN FIRST OPENING UP THE GAME

Buttons at the bottom of the screen will take you right into the game or alternatively to an Icebreaker, provided to allow participants a fun means to introduce themselves (Sample icebreaker pictured below).

Once you start the game (In PowerPoint Slide Show View) a musical and animated introduction begins (Note: you can replace the pictures within this intro with your own organizational pics). Next teams or player names are displayed, and finally a RULES slide appears (Allowing you to review game rules with your audience. Rules slide is completely editable).

HOME SLIDE

All games will have a Home slide to get things started. Typically you'll return to the Home slide to post scores and launch the next question.

In the Baseball Game (Screenshot to the right) there are 30 training questions available and naturally, two teams (Red and Blue) competing. Scores are advanced by mouse clicking on the colored box labeled RUNS. Within most games a FINALE button is provided on this screen. The FINALE slide plays an animated and musical tribute to the winning team.
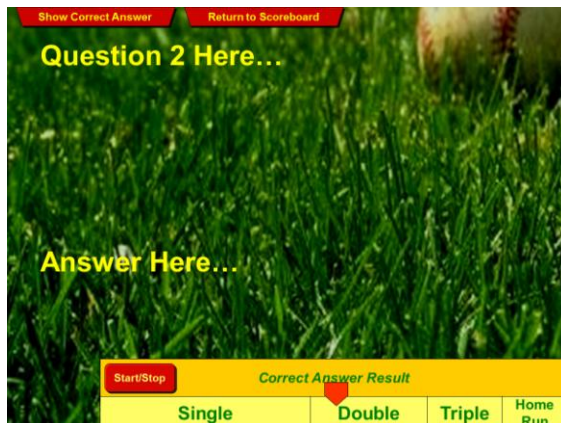

PLAYING THE GAME

All games will of course, use your own training questions. Naturally clicking on a question button brings you to that question in your game. The question slide itself indicates which question you are inputting (Question 1 Here, Question 2 Here, etc.). We will review inputting/editing game questions below.

After a question is used the button will disappear from the Home Slide. Remember to keep the game in slide show mode while playing. IMPORTANT: **Moving into edit mode will reset the question buttons and the scoring.**

Your scoreboard uses custom animation to keep score and appears at the top of the screen as in the above example. Mouse click through the scoring sequence to record points, and click back around the sequence if you've click passed the number you initially wanted to land on.

Caution: Exiting slideshow mode will reset all of the scores.

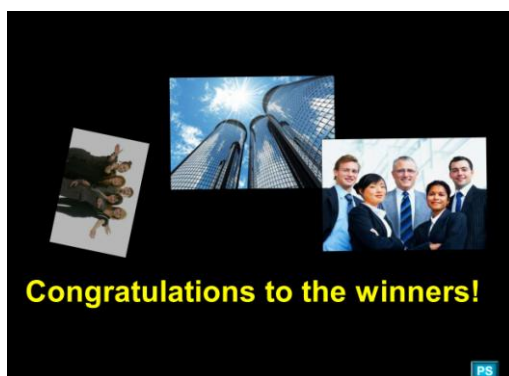

QUESTION SLIDES

Click and type to enter questions and answers on each slide. TIP: Click on top of text 3X in rapid succession to identify all the text in the text box and begin typing. Note: Correct answer positions vary from slide to slide and may be edited, or repositioned if you prefer. It is also possible to change the question format to a True/False or Multiple Choice question format by typing True/False or A,B,C,D answer alternatives in the question box. The answer will appear when you click

on the SHOW CORRECT ANSWER button.

When a question is answered correctly game points are awarded. In both the Baseball and Football Games a START/STOP button is provided to determine the extent of the award. In Baseball when the START/STOP button is initially clicked, a red arrow begins moving quickly back and forth across the text below it. When the button is clicked a second time it will randomly stop on a single, double, triple or homerun. The Football Game is similar however in this case, yardage gained is now determined. In The Golf Game a spinner is provided on the question screen allowing teams/players to get a hole-in-one, a birdie, or to shoot for par. Finally answering correctly in the Race Car game allows a team or player to click once on their race car (On the Home screen) to advance the car one car length. Some questions however can be configured to award multiple clicks which advance the car closer to the finish line (An asterisk has been placed on certain question numbers and designates a bonus question. The asterisk can be moved (click and drag) or copied (Right click and select COPY) to move or add bonus questions to the game.

From the question slides click the "RETURN TO" button to return to the Home slide, post scores, and continue the game.

FINALE SLIDES

Clicking on the "FINALE" button from the Home slide will show a short congratulations slide with music and animations. This animation may also be customized with graphics from your own organization.   The PS starts the optional prize selector.

PRIZE SLIDES

Most games provide a means to award prizes at the end of a game. Trainers can edit and enter their own prizes allowing game winners to choose a prize randomly (3 Prize Text boxes available). Prizes, depending on your budget, can be of high value or simply whimsical in nature, such as a longer coffee/lunch break or applause from the opposing team/s.

OTHER

Although we've suggested rules for each game, don't hesitate to be creative and establish your own rules and ways to play these games. Contact us for questions or concerns at Support@training-games.com . Thank you for purchasing TGI products.
